WORK EXPERIENCE

Infaque

Aug 2021- March 2024

Lahore, Pakistan

Full Stack Developer | React & Firebase

- Contributed to the successful launch of the company's flagship B2B SaaS product for donor management, handling both front-end and back-end development in an agile startup environment.
- Independent Leadership in "Egility" project (HR platform) from the ground up, resulting in a long-term maintenance contract for the company.
- Ensured cross-browser compatibility while enhancing user interfaces and dashboards for better data management resulting in customer satisfaction.
- Actively contributed to the development and deployment of multiple projects, leveraging HTML/SASS, React, TypeScript, Firebase, and serverless cloud functions to meet client needs and business objectives.
- Integrated third-party APIs (Stripe, Chart.js, Receptiviti) into a scalable SaaS product, enhancing real-time collaboration and data-driven insights.
- Collaborated closely with cross-functional teams to ensure alignment of project goals with business strategies while adhering to best practices and industry standards.

Sah IT

Dec 2019 - May 2020

Lahore, Pakistan

Intern Software Development | Laravel & JQuery

- Gained hands-on experience with Laravel, working on e-commerce and user-facing applications, enhancing my full-stack development skills after graduation.
- Built proficiency in front-end technologies like CSS, SASS, and Bootstrap, producing pixel-perfect designs that closely match design mockups.
- Continuously improved front-end skills, contributing significantly to project success and receiving recognition for delivering high-quality work.
